APPLICATION DEVELOPMENT FOR MOBILE AND UBIQUITOUS COMPUTING

Seminar Task First Presentation

Alexandra Weiß, Gilbert Röhrbein

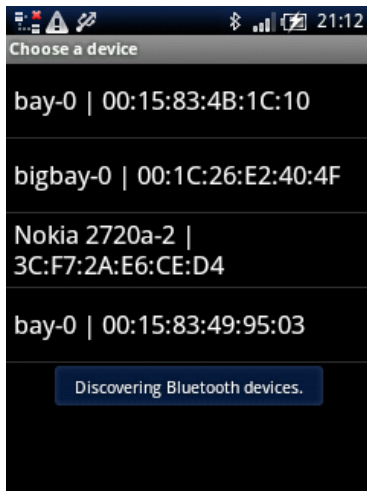

Dresden, December 15, 2011

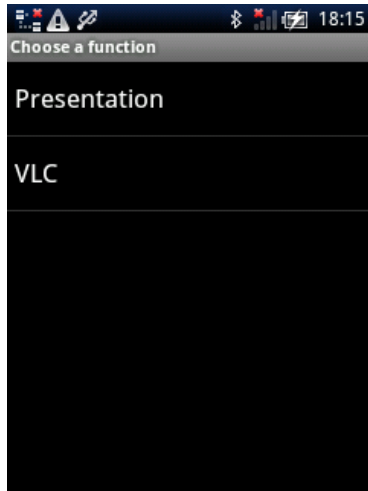

Bluemote

- here be use cases

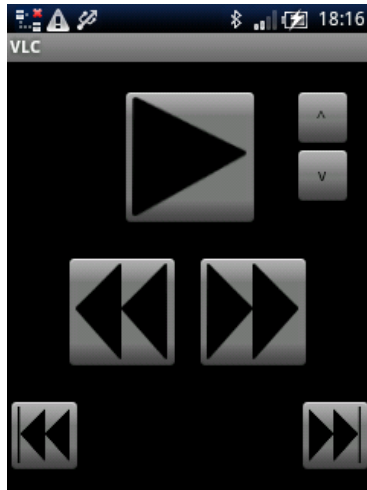

- here be architecture

- bluetooth and its annoyances
 - getnextfreechannel: channel that is blocked by another service
 - no error messages
 - y u no bluetooth, emulator?!

- handle incoming: stop video
- port to windows
- sort list of devices(recently used)
