Gotta catch `em all

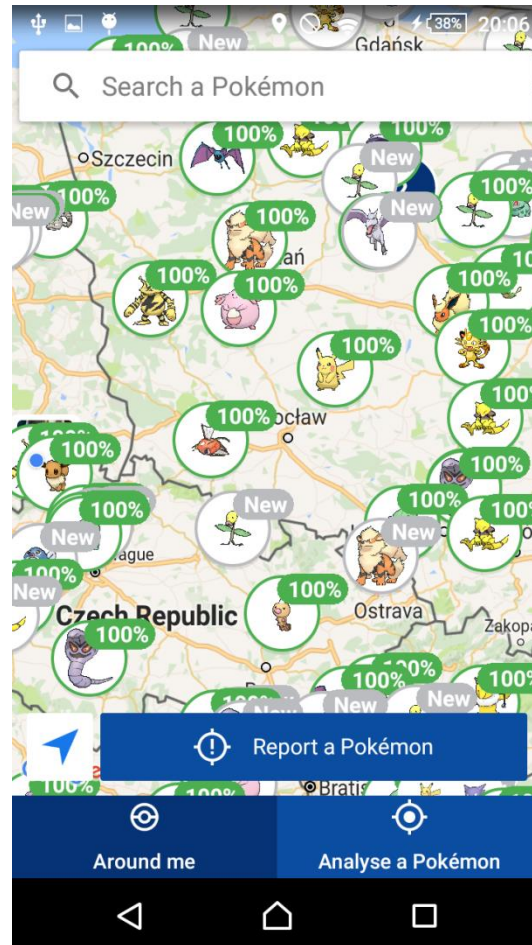

Curious to catch all the pokemons but do not know where to find them?

PokeReport is here for helping all the Pokemon enthusiasts who want to give and get the most accurate pokemon locations.

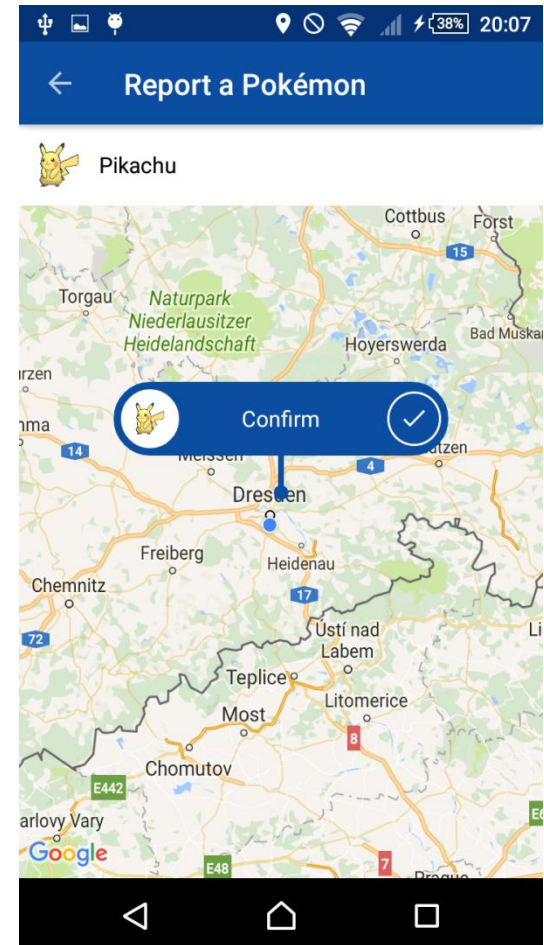

03.11.2016

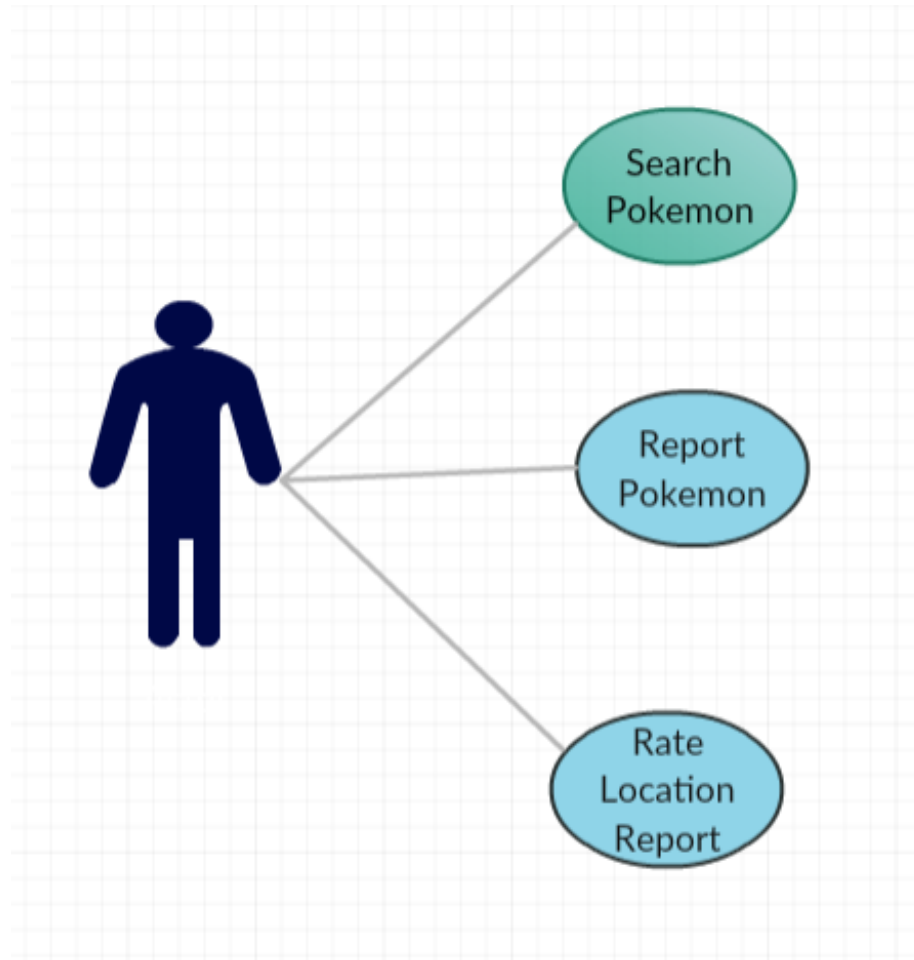

PokeReport

Folie Nr. 3 von 8

Look up for pokemons and let the PokeReport provide
it's location.

Help other players find pokemons by sharing your
pokeLocation.

- Android Studio 2.2.1 (1)
- Google Maps API (2)
- JSON Parser (3)
- REST * (4)
- Database * (5)
