

Smart Ride

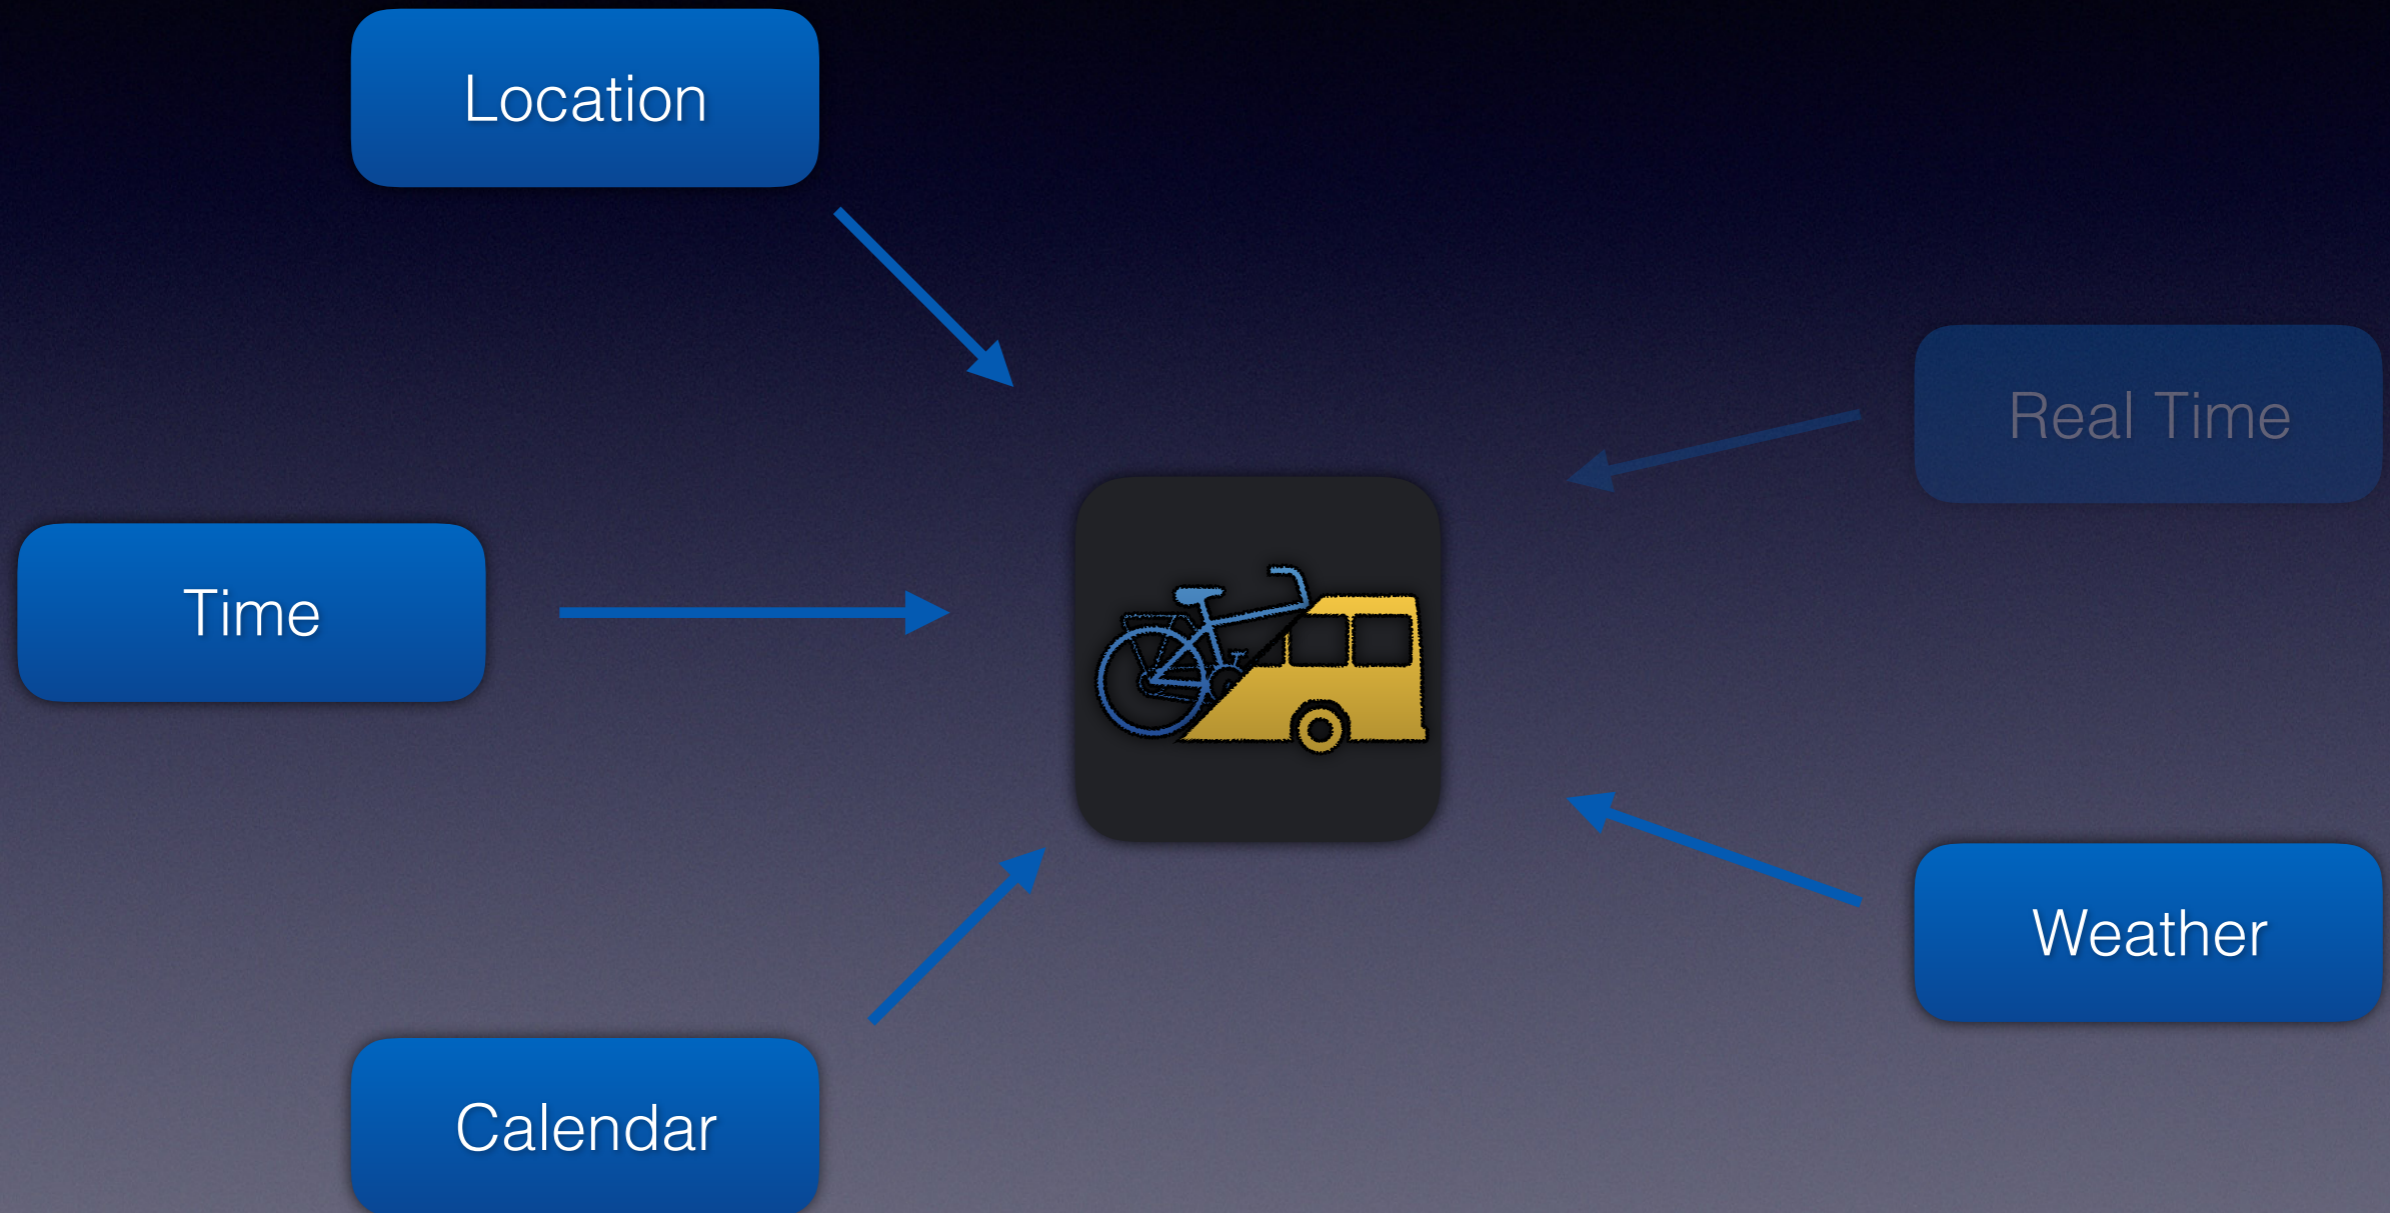

Group 11 - Final Seminar Presentation
Dennis Dimov, Dominik Riegger

Tackled Challenges

- Network-optimisation: “seen” stops are cached
- Weather-Usage: Bike or no Bike
- Usability: one App for whole transport

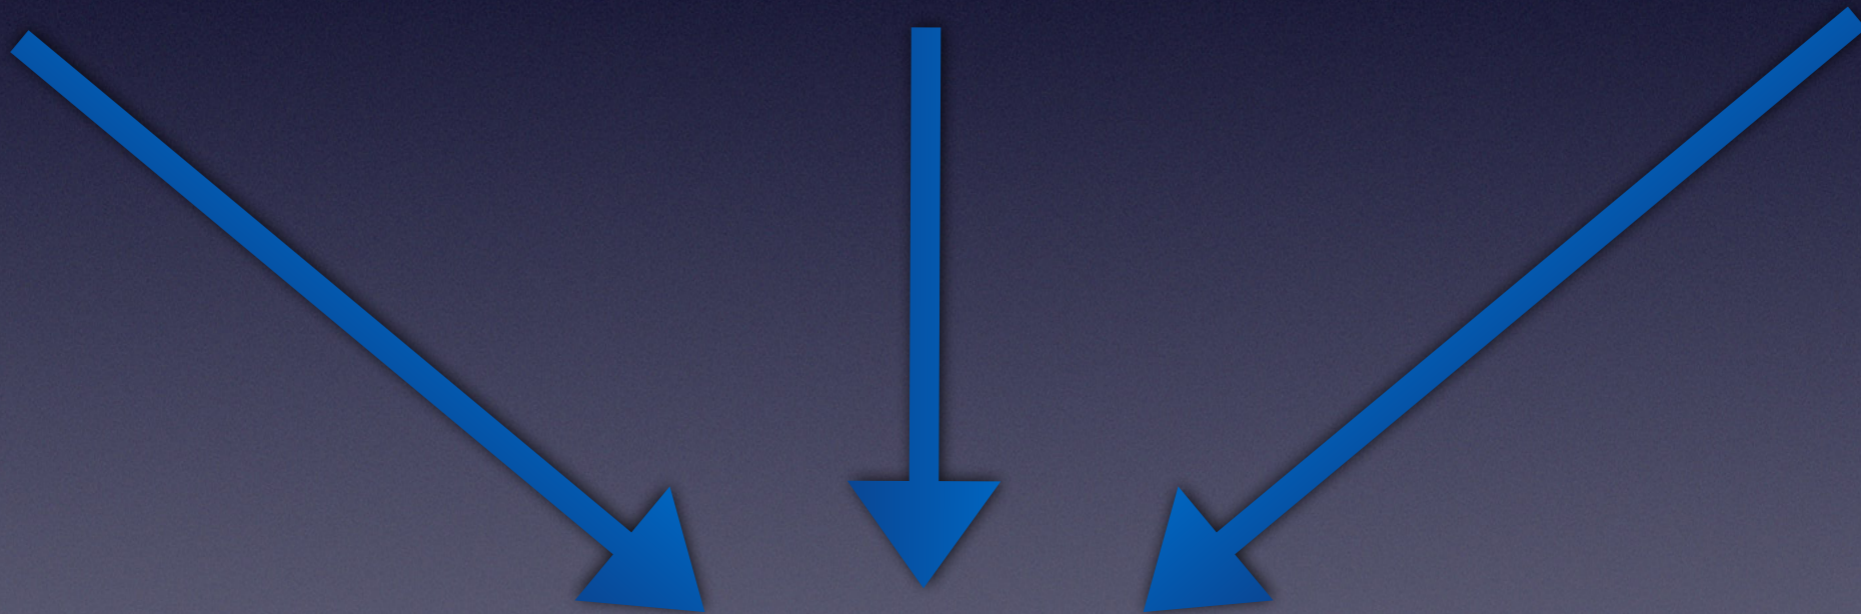

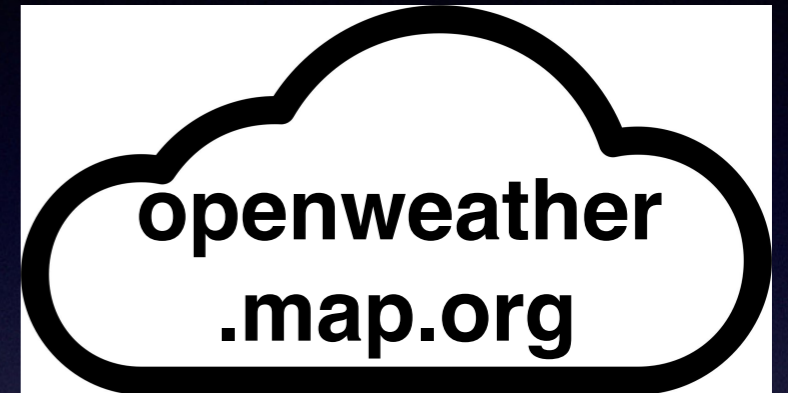

Context

Implementation

Architecture

Future

- prediction automatisation (algorithm/ML/..)
- Routing/Map
- live info
- optimisation Route-algorithm
- GPS/Energy-Optimisation

Are there any questions?

Thank you for your attention!
